SOLUTIONS & MIXES

Mix Coco

Natural flavor

Are you looking for a way to reduce fat and sugar while maintaining a great taste?

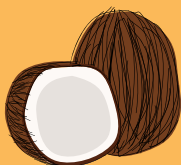

Natural aroma molecules produced by fermentation in France

In order to respond to the industry's specific needs, Ennolys has developed different mixes based on our natural vanillin, creating the Ennallin Solutions & Mixes range. This new product range offers solutions to enhance aromatic notes, reinforce a buttery flavor or increase the sweet taste sensation.

Try this new range combining taste and naturality, allowing a "natural flavoring" label. Easy-to-use mixes with an adapted flavor carrier.
